Action plan for satisfaction survey 2015-16

You told us this	As a result
<p>You wanted tea and coffee available in the clinic</p>	<p>It isn't possible to provide tea and coffee in the waiting areas within the KCH sexual health service as the HIV clinic runs alongside a busy general sexual health clinic. However there is a café on the Beckenham beacon site which offers a good range of drinks, snacks and light meals.</p>
<p>You were very satisfied with the service and would recommend us to others</p>	<p>We have maintained our effort which is demonstrated in the continued good comments received over the last year. We aim to maintain this high standard.</p>
