

## What to expect during your nurse visit

### All staff will

- Put a face mask on when they enter your house.
- Wash their hands before applying an apron and gloves.
- Wear gloves, apron and face mask during the nursing procedure and also use hand gel.
- Dispose of clinical waste in two bags one of which will be an orange bag. This bag will be left by your front door. The date of the visit will be written on the bag.
- The orange bag can be put in a normal black bin bag after 72 hours and disposed of in your normal household rubbish.
